

Important Notes for WHS Choir Online Store

To access the Choir Online Store, go to <http://www.westlakehighschoolchoir.com/>

1. **You must be registered to purchase an item from the online store.**
2. **This is very important:** ****You must register and update your Student's Information under your account information.**** If you do not, the order will not be tagged for your student.
3. **For families with multiple children in choir:** **** Please only purchase for one student at a time.**** It is a bit more time-consuming for you and it will result in more than one charge but it will help us attach orders to the correct student. We appreciate your understanding.
4. **At checkout, please make sure that the correct student information is selected at the toggle bar.** (Right now, it defaults to your billing address and we are trying to fix this).
5. ***If you have student credit,*** you will have the opportunity to enter your student's ID number and it will automatically be applied.
6. We take debit cards (recommended) or credit cards.
7. We will not share any of your personal information with anyone.
8. If you have questions, problems or concerns, you can reach us at westlakehighschoolchoir@gmail.com.
